Dear Colleague,

The Derbyshire Voice app is part of a wider project funded by the Police and Crime Commissioner for Derbyshire.

This project will gather the lived experiences of victims of crime and those who support them and will help to shape priorities and services for victims of crime in Derbyshire.

Derbyshire Voice is a mobile phone app where victims of crime and traumatic events who live in Derbyshire can share their experience, views, ideas and opinions about the impact of crime, support services and what needs to change.

Derbyshire Voice enables victims/survivors to directly contribute to improving the support services available to victims of crime. Participation will be mainly via short surveys done in a few minutes on a mobile phone. Participants will be rewarded financially for taking the time to fill out surveys.
